SIMPLE INTEGRATION

The Homematic IP Legrand adapter allows you to integrate your Homematic IP system easily and conveniently into the Céliane or Mosaic switch systems from Legrand.

Offering an intelligent solution for your switch system, the adapter can be attached to a Homematic IP Switch Module for brand switches (HmIP-BSM-I) in just a few steps.

SAVE COSTS THE SMART WAY

Adapters for different switches enable switches from popular manufacturers to be replaced cost effectively with an intelligent Homematic IP installation. The design, colour and finish of already installed switches remain the same since existing frames and rockers can continue to be used.

COMPATIBILITY

A separate list on the adapter's compatibility with standard switch series can be found in the website download area at www.homematic-ip.com.

LOGISTICS DATA

Product reference	156098A2
EAN code	4047976560981
Short description	HmIP-ADA-LG
Packing unit	144
Packing dimensions	120 x 90 x 33 mm
Weight incl. packaging	72.9 g

PACKAGE CONTENTS

Homematic IP adapter for Legrand
Operating manual

Operation requires connection to one of the following solutions:

- Homematic IP access point with free smartphone app and free cloud service
- Third-party partner solutions

TECHNICAL SPECIFICATIONS

Installation	only in switch boxes (device boxes)
Degree of protection	IP20
Ambient temperature	-5 to +40 °C
Dimensions	73 x 73 x 14 mm
Weight	14 g
